CENTROCOT

for the following articles:

**Semifinished products to be hot fixed through pressing on fabric for decorative purpose, named Videoflex PU and PS Film made with transparent polyester film, polyurethane film white or in different colors and thermoadhesive film polyester based.**

The results of the inspection made according to Oeko-Tex® Standard 100, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the standard presently established for baby articles.

The certified articles fulfil the requirements of Annex XVII of REACH (incl. the use of azo-dyes, nickel, etc.) as well as the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the Oeko-Tex® mark only in conjunction with products that conform with the sample initially tested.

**This authorisation is valid until 27.05.2013**
